

Diversity and Inclusion Statement

At 6 Stones, we embody our values of **Christ-centered, Compassionate, Integrity, Unified, Servant-hearted, and Influencer.**

We are servant-hearted influencers who lead the way by loving others without fail. As such, **we commit to bringing unity and love through a workforce unified around Christ. This biblically-based love is not limited by race, religion, ethnicity, sexual orientation, or anything else that might look different to the world.** On the contrary, we stand with integrity following the example of Jesus by loving, embracing, and caring for the needs of the hopeless among us in an effort to bring Hope.

We are committed to looking more and more like the community we serve. Our staff and our board are growing more diverse and will continue to grow more and more reflective of the families who trust us for the resources this community has stewarded to us to meet needs. Not only will we represent the tribes, tongues, and nations that are representative of the Kingdom we serve, we will be influencers who ask questions and challenge that same growth throughout our community.

We believe in Hope given freely to all. A free Hope is given equitably to access resources regardless of backgrounds and limiting factors. **A Hope that believes that every person has a God-given purpose that is supported by a Spirit that has already overcome every systemic challenge that could stand in its way.**

6 Stones' legacy represents community mobilization bringing Hope to every single person experiencing hopelessness among us. We are 6 Stones. We are a Catalyst of Hope.
